Re: EOM Jerome X451 and X651 remote monitoring systems

To Our Valued Customers:

We appreciate your use of Jerome X451 and X651 remote monitoring systems. The purpose of this notice is to inform you that these products will no longer be produced after Apr. 11, 2024.

PCN Type:

Notice of end of product manufacturing (EOM) requiring customers to migrate to an alternative product for new purchases, Jerome X451 and X651 remote monitoring systems will no longer be offered after December 31, 2023.

Product(s) Affected:

Jerome X451 (mercury vapor) remote monitoring systems

Jerome X651 (H2S) remote monitoring systems

Customer Impact:

Due to the age of these products and the limited availability of components for Jerome X451 and X651 remote monitoring systems, customers will be unable to place new orders for Jerome X451 and X651 remote monitoring systems after April 11, 2024. Please note that AMETEK Brookfield will continue to offer calibration and repair services for Jerome X451 and X651 remote monitoring systems, subject to parts availability.

AMETEK Brookfield offers products that perform the same or similar functions as Jerome X451 and X651 remote monitoring systems, that can be used in many instances. Please visit the AMETEK Brookfield page at www.brookfieldengineering.com for more information on our current line of Jerome toxic gas analyzers or contact AMETEK Brookfield for recommendations on alternate products.
