MAX 2000(XL), 1000 & 500 End of Life Notice

January 25, 2018 By AMETEK Brookfield

Thank you for your support of the Computrac® brand of moisture analyzers.

Due to the age of these instruments, Arizona Instrument will discontinue offering calibration services beginning **June 1, 2018**. In accordance with the **end of service notification** sent out in January, 2014, any instrument from this list that is sent in for calibration prior to **June 1, 2018**, but is found to be in need of replacement parts will not be able to be calibrated.

- **Computrac® MAX® 2000 and 2000XL** High-Performance Moisture Analyzer – Revision 3.09 and earlier
- **Computrac® MAX® 1000** Moisture Analyzer – Revision 4.19b and earlier
- **Computrac® MAX® 500** Moisture Analyzer

To verify your revision, turn your instrument off and back on. The revision will briefly appear in the lower section of the startup screen.

Arizona Instrument will continue to provide calibration services for Computrac® instruments included in this end of life notification until **June 1, 2018**, after which time no calibration services will be available for these instruments.

Visit our [Computrac product page](#) for more information on our current line of moisture, solids and ash analyzers, including the **Computrac® MAX® 4000XL**.

Thank you for your continued support. If we can help you with any questions, please contact us online, call us at 800-528-7411, or email us at customerservice.azic@ametek.com.

Sincerely,

Rick Ervin | Sales Manager
